Entomol. exp. appl. **69**: 300–301, 1993.

Index to volume 69

C. Castañé & R. Savé, Leaf osmotic potential decrease: a possible cause of mortality of greenhouse whitefly eggs 1
P. F. Dowd, Toxicity of the fungal metabolite griseofulvin to *Helicoverpa zea* and *Spodoptera frugiperda* 5
V. Hattingh & M. J. Samways, Evaluation of artificial diets and two species of natural prey as laboratory food for *Chilocorus* spp. 13
F. A. N. van Alebeek, D. Rojas-Rousse & L. Leveque, Interspecific competition between *Eupelmus vuilleti* and *Dinarmus basalis*, two solitary ectoparasitoids of *Bruchidae* larvae and pupae 21
U. M. Decker, W. Powell & S. J. Clark, Sex pheromones in the cereal aphid parasitoids *Praon volucre* and *Aphidius rhopalosiphi* 33
S. D. Eigenbrode, A. M. Shelton, W. C. Kain, H. Leichtweis & T. D. Spittler, Managing lepidopteran pests in cabbage with herbicide-induced resistance, in combination with a pyrethroid insecticide 41
S. J. Castle & P. H. Berger, Rates of growth and increase of *Myzus persicae* on virus-infected potatoes according to type of virus-vector relationship 51
S. Kyamanywa, C. W. Baliddawa & K. J. O. Ampofo, Effect of maize plants on colonisation of cowpea plants by bean flower thrips, *Megalurothrips sjostedti* 61
N. M. Marples, P. W. de Jong, M. M. Ottenheim, M. D. Verhoog & P. M. Brakefield, The inheritance of a wingless character in the 2spot ladybird (*Adalia bipunctata*) 69
D. S. Phillips, Host-feeding and egg maturation by *Pachycrepoideus vindemiae* 75
A. Tonhasca Jr., Effects of agroecosystem diversification on natural enemies of soybean herbivores 83
F. Menu, Diapause development in the chestnut weevil *Curculio elephas* 91
T. D. Morgan, B. Oppert, T. H. Czapla & K. J. Kramer, Avidin and streptavidin as insecticidal and growth inhibiting dietary proteins 97
A. M. Cortesero, J. P. Monge & J. Huignard, Response of the parasitoid *Eupelmus vuilleti* to the odours of the phytophagous host and its host plant in an olfactometer 109
J. L. Feder, T. A. Hunt & L. Bush, The effects of climate, host plant phenology and host fidelity on the genetics of apple and hawthorn infesting races of *Rhagoletis pomonella* 117
R. M. Pfeil & R. O. Mumma, Bioassay for evaluating attraction of the phorid fly, *Megaselia halterata* to compost colonized by the commercial mushroom, *Agaricus bisporus* and to 1-octen-3-ol and 3-octanone 137
G. Honée & B. Visser, The mode of action of *Bacillus thuringiensis* crystal proteins 145
A. L. Sheck & F. Gould, The genetic basis of host range in *Heliothis virescens*: larval survival and growth 157
J. Bernal & D. González, Temperature requirements of four parasites of the Russian wheat aphid *Diuraphis noxia* 173
S. Udayagiri & R. L. Jones, Variation in flight response of the specialist parasitoid *Macrocentrus grandii* Goidanich to odours from food plants of its European corn borer host 183
J. J. Neal, Xylem transport interruption by *Anasa tristis* feeding causes *Cucurbita pepo* to wilt 195
A. C. Grosscurt, Factors influencing the acaricidal activity of fluycloxuron 201
D. C. Smith, S. A. Lyons & S. H. Berlocher, Production and electrophoretic verification of F_1 hybrids between the sibling species *Rhagoletis pomonella* and *R. cornivora* 209
D. J. Berg & R. Mitchell, Associations of allozyme variation and behavior in the cowpea weevil (*Callosobruchus maculatus*) 215
E. Wainberg, Genetic variation in sex allocation in a parasitic wasp: variation in sex pattern within sequences of oviposition 221
M. V. Sousa, L. Morhy, M. Richardson, V. A. Hilder & A. M. R. Gatehouse, Effects of the cytolytic seed protein enterolobin on coleopteran and lepidopteran insect larvae 231

Entomol. exp. appl. **69**: 300–301, 1993.
